Dear Mr. Hodges:

We have in our files your note dated May 9, 1994 stating that no work has been done on your Oak Spring and Cave Canyon claims located in Beaver County, Utah, and that the claims have been abandoned.

The area has been inspected by our geologist and it has been determined that no work was done under this Notice and the case may be closed.

This letter serves to close case file UTU-68580. Any further work on public lands will require a new mining or exploration Notice or Plan of Operation.

We appreciate the cooperation you have demonstrated. It shows a willingness to assist in our multiple use objective for managing public land.

Sincerely,

Arthur L. Tait
